JAPANESE PURSUING THE RUSSIAN ARMY

Victorious Army Unable To Court Prisoners Taken.

WILL RECALL GEN. KUROPATKIN

It Is Highly Improbably that the Russians Can Escape Even With a Corporal's Guard—Russian Capital Is In Gloom.

Tokio, March 13, 11 a. m.—Army headquarters makes the following announcement:

All our forces have advanced north, pursuing the enemy in all directions and inflicting heavy damage, and they have defeated the enemy who attempted resistance at various places.

Our forces have completely cleared the enemy out of the district 25 miles north of Mukden, and on Sunday were still pursuing them.

The Russians abandoned countless carts of supplies and ammunition in the district for 13 miles from the vicinity of Kaolintun, south of Chiulikotzu, west of the railway and 16 miles north of Mukden.

No time has yet been had to count the men.

One of the colors captured belonged to the 162nd regiment from the Vilna district, which had been engaged in three previous wars.

Our Sinmintin garrison has arrested a paroled Russian officer from Port Arthur who broke his parole at Shanghai and proceeded to Sinmintin.

Additional stores intended for the Russians have been seized at Sinmintin.

Russians Nearing Tie Pass.

Tie Pass, Manchuria, March 14.—The Russians are nearing their Tie Pass positions.

The Japanese detachments continue a northward movement of Mukden.

News at Washington.

Washington, March 14.—Minister Griscom has cabled the state department from Tokio under yesterday's date as follows:

"Official reports Japanese army captured 20,000 prisoners on the 11th."

Another official report dated today from Tokio reads:

"Russian losses over 153,000; 40,000 prisoners; 26,500 dead on the field, and about 90,000 casualties."

Situation In St. Petersburg.

St. Petersburg, March 13.—5:45 p.m.—Emperor Nicholas has summoned a war council for tomorrow, at which the whole situation will be considered.

The announcement made in the name of the government in the face of the overwhelming disaster suffered by General Kuropatkin that a fresh army would be raised and the war proceed and the haughty attitude assumed by Japan may, after all, be simply a sparring for position, which is the prelude to peace.

So far as the public here is concerned, peace is the only thing thought of, the sentiment being that if diplomacy can now bring the warring powers into negotiation, peace will follow.

Many diplomatists believe that terms acceptable to both are only possible on the basis pot of ordinary peace, but more in the nature of alliance which would distinctly define and guarantee the positions of the respective powers in the Far East in the future. It is certain, however, that Russia as yet has made no move. Here confusion still reigns in the higher circles and the emperor has not yet decided that he must yield.

Some of the emperor's advisers insist that the government is irrevocably committed to the war, that it would be harder to stop than to go on, and that if the war is indefinitely prolonged, the financial resources of Japan are sure to be exhausted before Russia's, while Russia's prestige abroad is irreparably gone if she bends the knee. The situation is not dissimilar to that which prevailed at the end of the Crimean war, when Nicholas I took a sudden decision to conclude peace on the best terms obtainable. The effect on the internal situation of either alternative will probably govedn the final decision.

The practical difficulties not only in getting a new army to the front, but in actually mobilizing it, are appreciated, even at the war office, where many officers reluctantly declare it as idle to hope for victory under the present circumstances. Another general mobilization might set the country in flames. At home the elements which are trying to force the emperor's hand would employ either horn of the dilemma selected, whether peace or continuation of the war to press for the granting of a constitution. They declare the government is now in a corner, from which there is no escape without the support of the people.

St. Petersburg, March 13.—1:30 p. m.—No further Russian news was received from the front this morning but the magnitude of the catastrophe is now apparent to all here. Where the curtain has been slightly lifted the picture of the awful retreat makes the flesh creep, recalling the scenes depicted in Tolstoi's "War and Peace," or Zola's "Le Debacle."

The war office admits that even the remnants of the army are still in danger. Field Marshal Oyama holds a magnificent strategic position. It is reported that the Japanese flanking columns are in touch about Tie Pass and that there may be a Sedan there. No adequate estimate of the losses has been furnished, but with the units captured on the left unaccounted for, the killed or wounded already total 65,000. The war office does not even know accurately what units were captured.

Baltic Fleet at Madagascar.

Port Luis, Island of, Mauritius, March 14.—The squadron commanded by Vice Admiral Rojestvensky was still at Nossi De Island, off the north coast of the Island of Madagascar, when the Messageris maritime s steamer Oxus passed there March 4. It is understood that Rojestvensky intended to remain at Nossi De until the end of April. The crews of the Russian ships were drilling night and day, and frequently engaged in firing practice.

There is no confirmation of the rumors current at Tamatave, Madagascar, to the effect that the Russians have bought a small island in the Indian ocean to serve as a naval base.

MRS. CHADWICK IS GUILTY.

Declares Jury But Her Lawyers Will Appeal to Higher Court.

Cleveland, O., March 14.—In speaking of the verdict of the jury in the trial of his client, Mrs. Chadwick, J. J. Dawley, her senior counsel, said that the verdict was not according to the terms of the indictment and that the case would be taken to the court of appeals at Cincinnati as soon as possible.

Mr. Dawley saw Mrs. Chadwick for a time at the jail and said she was somewhat prostrated over the verdict, but he assured her that he felt there were good grounds for hoping for a reversal of the verdict and this information cheered Mrs. Chadwick considerably. Mr. Dawley said that his client had a very unfortunate jury, when wholly unaccustomed to banking transactions or dealing largely in the borrowing of money, etc. If the jurymen could have eliminated from their minds the impressions they probably had formed and tried the prisoner on the one question involved in the indictment, he felt sure the verdict would have been different.

Frominent attorneys with whom he had talked and who had followed the case, gave it as their opinion that no case had been made against Mrs. Chadwick.

Steamer on Fire at Manila.

Manila, March 14.—Fire has broken out in the main hold of the British steamer Heathburn, which arrived at Manila Jan. 21, from Barry, Wales, and is spreading. The cargo is being discharged and the holds are being flooded.

Twenty-Six Lives Lost in Explosion.

Cardiff, March 14.—It is now announced that 26 lives have been lost as a result of the explosion which occurred yesterday in the Cambrian colliery at Clydach Vale in the Rhonda valley.

VENEZUELA MAY HAVE REVOLUTION

Claim Filibustering Expeditions Are Being Organized.

COLLECTING FUNDS IN GOTHAM

It Is Reported that Headquarters of Filibusters Are in Philadelphia. Venezuela May Ask United States to Make an Investigation.

Washington, March 14.—The state department has not yet been informed of the reported organization in Philadelphia of a filibustering expedition directed against Veneuzuela.

It has had reports from its agents in the West Indies of more or less strength towards the beginning of a revolution against President Castro's government, but these were all traced to Venezuelan refugees driven out of their country by Castro, who had taken up their residence in some of the nearby West Indian isalnds awaiting an opportunity to re-enter Venezuela under cover of a revolutionary uprising. The first intimation that this movement had found any reflex in the United States was the arrival in this country several weeks ago of Senor Andrea, who openly proclaimed himself the agent of a revolutionary junta having headquarters at Willemstadt, on the island of Curacao only forty miles distant from the coast of Venezuela. The state department took no notice of Senor Andrea's utterances, and although he is reported have said he was coming to Washington to ask the authorities to allow the revolutionists a free hand he never made his appearance here so far as is known. It was presumed that he was engaged in trying to collect funds in New York and purchase arms his movements became a matter of great interest to the Venezuelan representatives here. However, th yhav made no complaint to the state department, and the authorities here point out that if evidences of the organization of a filibustering expedition in Philadelphia, where they have been discovered, it is only necessary to lodge complaint with the local district attorney and produce proofs when the courts may be depended upon to deal with the case.

TRIPLE TRAGEDY IN COLORADO.

Man in Rage Over Outcome of Lawsuit Goes on Warpath.

Denver, Colo., March 14.—Mad with rage because of his defeat in a lawsuit in which K. Fill, the man whom he pronounced his bitterest enemy, had been victorious, and swearing vengeance against him and his family, George Schistler, a teamster, armed himself with a rifle and started out to do murder. When the smoke of battle had cleared away, three persons were dead, one was missing and three others lay wounded, two at least dangerously.

The dead:
F. Fill.
Mrs. K. Fill.
George Schistler.
The missing:
A child of the Fills.
Wounded: Dr. Frank Dulin, police surgeon; Captain William Bohanna, acting chief of police; Mike Kelly.

The wife of George Schistler is prostrated over the affair and may die from the shock.

Two Tennesseeans Killed.

Dresden, Tenn., March 14.—In a shooting affray with pistols at Lynnville, Ky., a line town in the northern portion of Weakley county, Bert McClain, aged 17, was instantly killed by John Canter, who in turn was killed by Walter McClain, of Dresden. There are no particulars as yet as to what the trouble was about.

Bank Vault Blown Open.

Fremont, O., March 14.—The vault of the Genoa Banking company, of Genoa was blown open last night by three unknown men. A posse of citizens are in pursuit. All surrounding shipping points have been notified. The thieves are reported to have secured $2,000 in cash and $10,000 in negotiable paper.

STRIKE SITUATION IN GOTHAM.

While Strike Is Called Off, Still the Cars Are Running Irregularly.

New York, March 14.—That the conditions are resulting on the strike on the Interborough Rapid Transit company's lines has not been adjusted which was plainly apparent today.

Although the strikers were repudiated by their national organizations and even advised by their local officers to make an effort to get back their old places and the Interborough company had anounced thot the effect of the strike had passed the schedules were more irregular and inadequate today than at any time since last Thursday. Even in the subway, where the company concentrated nearly its entire efforts for several days for perfecting a force of operatives from among the strike-breakers, and where everything appeared to be approaching a normal basis last week, the service today was far from satisfactory. Trains were operated in fairly large numbers, but at reduced speed.

All trains were greatly overcrowded. It was on the elevated lines that the conditions were at their worst, however. The Ninth and Sixth avenue lines on the west side, which were making fairly good time last week, were operated today apparently with great difficulty.

As far uptown as One hundred and Sixteenth street the cars became crowded, and a repetition of last week's scenes of packed trains, people unable to get aboard and men climbing to the roofs, were repeated. Even during the rush hours from 15 to 30 minutes would pass between trains.

SHOT DOWN BY GAMBLERS.

Officer Making a Raid on Gambling Is Dangerously Wounded.

Atlanta, March 14.—County Policeman Walter H. Cheshire was shot down and probably fatally wounded Sunday night by one of a gang of negro gamblers who were raided in a house near Howell's station. The shooting of the officer occurred inside the house in the dark and the affair was one of the most exciting that has been recorded among the police in many years.

Just as four policemen stepped into a room where five or six negroes were gambling on the Sabbath, the lamp was suddenly kicked over and no sooner had the place become surrounded with darkness than the negro outlaws drew pistols and began firing.

As each pistol flashed the room was momentarily lighted, only to grow darker than before. The affair lasted only a few seconds. The officers could do nothing except hold their weapons in their hands and wait. As soon as the negroes made a dash from the house one of the officers fired a shot. A negro wheeled and fired a shot a close range, and the bullet struck Officer Cheshire in the breast, and he reeled, steadied himself and fired at his assailant, who escaped.

TRAINS COLLIDE IN COLORADO.

No Person Killed, But Ten Are Injured Some Seriously.

Colorado Springs, Colo., March 14.—Missouri Pacific passenger train No. 11, south-bound, runing on the Denver and Rio Grande, collided with the Denver and Rio Grande passenger train No. 4, north-bound, at Fountain, 14 miles south of here, and 10 persons were injured. The most seriously injured are:

Conductor J. F. Creighton, of the dining car; may die.

Charles R. Richardson, of BeClaion, N. Y.

Mrs. Richardson.

Train No. 4 was heading in from the south end of the side track to allow No. 11 to pass, but before it could make the main line, No. 11 crashed into the dining car, overturning it, together with a tourist sleeper.

Wealthy Woman Robbed.

New York, March 14.—Mrs. Minslow Judson, a wealthy resident of St. Joseph, Mo., has notified the Brooklyn police that she has been robbed of five rings valued at $1,800 besides valuable papers and some cash on a Brighton Beach train. The robbery occurred while she was taking her grandchildren on an excursion to the beach.

BODY OF SENATOR BATE LAID TO REST

Impressive Ceremonies Held In Legislative Hall.

25,000 PEOPLE VIEW THE REMAINS

The Residents of Tennesse Pay Their Last Respects to the Dead Statesman—Prominent Tennesseans Want To Be Senator.

Nashville, Tenn., March 14.—Impressive though simple services were held over the remains of the late United States Senator William Brimage Bate in the hall of he hous eof representatives at the state capitol at 1 o'clock this afternoon, participated in by the legislature, supreme court, state officials, United Confederate bivouacs and the state guard. The religious services were conducted by Rev. D. C. Kelly, who was a colonel under General N. B. Forrest, and Dr. Lonsing Burroughs, a confederate veteran.

The body of the distigniushed soldier and statesman lay in state at the capitol all day Sunday, covered by a bullet torn flag of the Lost Cause and was viewed by fully 25,000 people, among the number being hundreds of the general's old comraces in arms, and many negroes who held the deceased in the highest esteem.

After the ceremonies at the capitol, the body of the late senator was taken to the Mount Olivet cemetery, accompanied by a military escort, consisting of confederate veterans and the state guard, and interred.

The folowing congressional party accompanied Senator Bate's remains from Washington:

Senators Redfield Proctor, of Vermont; John W. Daniel, of Virginia; E. W. Pettus, of Alabama; Scott, of West Virginia; Lee L. Overman, of North Carolina and E. W. Carmack, of Tennessee; Representatives T. W. Sims, John R. Gaines, L. P. Padgett, John Moon, W. P. Brownlow and Lloyd, of Missouri.

Others of the Washington party are Major General Clay Goodloe, of the United States marine corps, George F. Evans and B. W. Layton, assistant sergeant at arms.

The legislature will vote for a successor for the late Senator Bate on the 21st instant.

So far only three men are mentioned in the race—Governor Frazier, ex-Governor McMillin and ex-Governor Robert L. Taylor. Mr. McMillin has not yet announced his candidacy, but it is a foregone conclusion that he will be in the fight.

It is the opinion of those best informed that Governor Frazier has the best of the contest thus far.

Petitions are being circulated in several counties in this state protesting against Governor Frazier entering the race to succeed the late General Bate in the United States senate.

Kentucky Feudists Under Arrest.

Lexington, Ky., March 14.—Senator Alexander Hargis and his brother, County Judge James Hargis, of the county of Breath-, were brought here today by a special bailiff and placed in jail. Both prisoners were taken into the jail office and not locked up, pending steps to be taken by their attorneys for securing bail. Ed Callahan and Elbert Hargis were not with the party. Elbert is at Breathitt, having gone to the country to tell his mother goodby, and it was said that he did not get back in time to catch the train. Ed Callahan is at home suffering from pneumonia. Callahan was indicted for the murder of James Cockrell.

Irish Side With Russians.

New York, March 14.—At exercises held in the Academy of Music, in memory of Robert Emmett, the Irish patriot, resolutions denouncing England were adopted with great enthusiasm. "We extend to the government and people of Russia," said the resolutions, "our heartfelt sympathy in the struggle they are now carrying on with England's ally, Japan, for the natural right of expansion to the sea from which they have been barred for a hundred years by England."

FLOWERS FROZEN STIFF IN FLORIDA

Liquid Air the Cause of the Remarkable Phenomenon.

SCIENTIFIC MARVEL OF THE AGE

Wireless Telegraphy and Radium Assist in the Working of Wonders. Last Chautauqua Meeting Largely Attended—Talk by Dr. Strouse.

The lecture of Prof. W. B. Patty at the Tabernacle, Tuesday afternoon, drew a large audience, and the illustrations in wireless telegraphy were very much enjoyed. The liquid air demonstrations were wonderful indeed and astonished the people more than they had anticipated. A handkerchief was frozen so it could be broken into small bits, also a piece of beefsteak was frozen in a similar manner. The whole program was of deep interest to all, and many marvelled at the wonders manifested. Some went so far as to say there was a trick about the submerging of a rose in liquid air and making it so brittle it could be crushed into atoms.

In the evening there was another large audience to witness the demonstrations with radium, wireless telegraphy and liquid air, and to say that it was grand gives but poor expression to this presentation of these wonder-working discoveries. The audience looked on with awe and wonder, and the only way you can get a comprehensive idea of the workings of the three is to see the experiments. The same lectures and experiments should be seen a second time, and there is no doubt but what they would draw a large audience.

Before the evening lecture was begun, Dr. Clarence B. Strouse made a short address in which he stated the facts regarding the Gainesville Chautauqua, and spoke of the work done by Dr. W. L. Davidson, manager, in his efforts to secure the best talent he could for the meeting now brought to an end. He said he would be in Gainesville a few days before his departure for his home, and requested the business men and all interested to see him before his departure, to settle the question as to whether these annual meetings would be kept up. He spoke of his kindly feeling for the people of Gainesville, thanked those who had manifested an interest in the work and hoped it would be continued. In closing he feelingly spoke of the interest which had been shown in the welfare of the people and bade the audience good-bye with the quotation: "God be with you till we meet again." He was heartily applauded at the close.

Prof. Patty, before opening his regular lecture, talked very complimentary of the Chautauqua and the city of Gainesville. He felt sure the people would stand by Dr. Strouse, who has labored faithfully for the Chautauqua. He lauded the city, the attractions and the attractive program. He said he thought that Dr. Strouse had manifested his interest from high motives to give the people a good Chautauqua meeting, and not from a monetary point, and felt sure they would continue the work and he would appear here next year with a better exhibition than he had on this occasion. He was interrupted several times with applause and his address was given in a manner that convinced many that he spoke from his heart.

Invaluable for Rheumatism.

I have been suffering for the past few years with a severe attack of rheumatism and found that Ballard's Snow Liniment was the only thing that gave me satisfaction and tended to alleviate my pains. March 24th, 1902, John C. Degnan, Kinsman, Ill. 25c, 50c and $1. Sold by W. M. Johnson.

High Springs Building.

A. E. Summers of High Springs, member of the firm of the Summers Furniture House, was among the visitors to this city Tuesday. He states that High Springs is on a little building boom just now. The Summers Furniture House, which was recently destroyed by fire, has been rebuilt in more modern style. W. C. Summers is erecting a substantial brick store on the site of the building recently destroyed by fire, which will be occupied as a millinery store by Mrs. G. W. Easterlin, and E. K. Anderson, with a desire for comfort and convenience, is erecting a handsome cottage. Altogether, High Springs is on a boom in

WHY DOES A BABY CRY?

Because it is either hungry or in pain. Properly nourished it will usually grow up right and be comfortable—that's the principal thing for a baby. If its food lacks strength and nourishment add Scott's Emulsion at feeding time. A few drops will show surprising results. If a baby is plump it is reasonably safe. Scott's Emulsion makes babies plump.

We'll send you a sample free.

Several Hurt in Wreck.

Tennille, Ga., March 14.—Train No. 3 on the Sandersville and Tennille railroad was wrecked 2 miles from here caused by a broken rail. The track has been cleared and a wrecker has been sent out from Savannah to put the overturned car on the track. No one was killed. W. J. Webster, of Milledgeville, suffered a broken collar bone; Miss Corinne Hendrix, of Milledgeville, had a sprained back and probably has injuries internally. Other passengers were bruised and shaken up.

Has your boy plenty of staying power?

Grit, courage, strength, finishing power are essential these days. The reason why doctors so often order Ayer's Sarsaparilla for thin, pale, delicate children is because it supplies these essentials. It makes the blood pure, rich and red. Sold for 60 years.

GUARD HEALTH

Every woman should see that the periodical function is kept in a healthy condition. The way is to take an occasional dose of Wine of Cardui.

Every woman is subject to conditions which bring on female weakness. Wine of Cardui gives women strength for all the duties of life. It gives them strong nerves and freedom from pains.

Wine of Cardui not only cures but guards the health. The organs quickly respond to the healing vegetable ingredients of which Wine of Cardui is composed. A healthy woman does well to take this medicine on approaching her periodical sickness. Wine of Cardui cures the worst cases of prolonged female troubles and has cured thousands of them quickly and completely in the privacy of home.

CHICORA, MISS., May 1, 1902.

Wine of Cardui and Thedford's Black-Draught is a sure cure for all female diseases. I recommend your medicines to all my friends everywhere I go. Five months ago I could not walk across the house without great pain but I am well again. I have only taken four bottles of Wine of Cardui but feel better than I have felt in two years. MRS. N. T. GLIDEWELL.

NEWS OF CITY AND COUNTY CONDENSED

Alex Read, Jr, manager of the lumber interests of the Tyler Company, Montbrook, was registered at the Brown House yesterday.

Mr. and Mrs. A. L. Reeder and children have returned from their old home in Caneyville, Ky, and will make their home here indefinitely. They were here last winter, during which time they made many friends. They became so infatuated with Gainesville and its people that they decided to return and make their home here, and they will be gladly welcomed. They are pleasantly located at the Cone cottage, N. Arredondo street.

Among the prominent visitors to this city yesterday was Hon. Fred S. Cubberly, collector of customs of the ports of Cedar Key and Port Inglis, and also a successful lawyer of the Gulf town. Col. Cubberly states that the steamship line between New Orleans, Cedar Key and other points which was inaugurated about eight months ago, continues, and is enjoying a fine business, notwithstanding some opposition. The steamer from New Orleans is expected in Cedar Key today or tomorrow with a large general cargo. Phosphate shipments from Port Inglis are also heavy, the harbor being a scene of great activity.

ALL WELL PLEASED.

Pennsylvania Ladies Like Gainesville. May Prolong Visit.

Mrs. T. H. Rosboro and her charming daughter, Miss Nellie, who have been sojourning at the Brown House for the past week, have become very much impressed with the city and its people. These ladies are from Uniontown, Pa., where lots of good, clever people come from, and they are no exception. Possessed with most amiable and entertaining dispositions, they have made many friends here who will be delighted to know that they are so well pleased, and that they are seriously considering remaining here until May 1.

When the ladies arrived here they were accompanied by Mr. Rosboro, who is a prominent citizen and business man of Uniontown. On account of pressing business he was compelled to return to his Northern home, leaving his wife and daughter here.

There are annually quite a little colony of Uniontown people who visit Gainesville, and the influence of these is such that they bring new comers every season. Such friends as Commodore Beall, Dr. Herzog and others of the party are worth many times the value of booklets, since they wield a personal influence which it would be impossible to accomplish by printed matter, however alluring and attractive.

The Wages of Sin.

The Park Theatrical Company appeared for the second night of the week's engagement last night, presenting the four-act melo-drama, "The Wages of Sin." The play was well presented, the various characters being naturally impersonated.

This company has become very popular here, and are making themselves more popular at every performance. They are not only good actors, presenting clean, refined plays, but are clever ladies and gentlemen, and will always be welcome here.

This excellent company will give a matinee this afternoon at 3 o'clock, presenting "The Old Homestead." Tonight they will present "Niobe." The company is the best that has appeared here this season and deserves the patronage of the public.

LETTUCE MOVEMENT BEGINS

Shipments Along G. & G. Have Begun. Will be Heavy Soon.

Truckers from points on the Gainesville and Gulf railway visiting this city state that the movement of spring lettuce has begun, and that the growers are receiving good prices. The movement is light so far, but the next two weeks promise as heavy shipments as have ever been known along this line.

"There is a large acreage of lettuce along the Gainesville and Gulf this season—in fact the largest I have ever seen," remarked one trucker Tuesday. "The plant is maturing beautifully, and the growers feel reasonably sure that in lettuce they will have a good thing this season."

As was stated a day or two recently, Superintendent Barker of the Gainesville and Gulf has made a survey of the situation, and has pronounced the prospects in all vegetable crops bright. The weather conditions have been favorable, and the growers will reap the benefit.

The Best Cough Syrup.

S. L. Apple, Ex-Probate Judge, Ottawa Co., Kansas, writes: "This is to say that I have used Ballard's Horehound Syrup for years, and that I do not hesitate to recommend it as the best cough syrup I have ever used." 25c, 50c, $1. Sold by W. M. Johnson.

Announced Himself.

While looking for stragglers just as a Welsh regiment was about to sail from Cape Town for England an officer found a private standing at attention in a shed. "What are you doing here?" he was asked. "Please, sir," was the reply, "I am a lunatic, and I am waiting for the corporal's guard." He was right; he was a lunatic, and his guard had forgotten him.

THE CIRCUIT COURT.

Case of Fletcher Watson Occupied Time of Court Tuesday.

The trial of Fletcher Watson, charged with the murder of Garrett V. Chamberlain, occupied the entire time of the circuit court Tuesday. About fifteen witnesses were examined by the State and defense.

Witnesses for the defense testified that Watson was far away from the scene of the killing at the hour the murder was alleged to have taken place.

The jury heard the evidence with the greatest interest. Eight witnesses are yet to be examined, when the case will be argued before the jury. It is believed that the case will not occupy a longer time than today, when it will be turned over to the jury for a decision.

The Colonel's Waterloo.

Col. John M. Fuller of Honey Grove, Texas, nearly met his Waterloo from liver and kidney trouble. In a recent letter he says: "I was nearly dead of these complaints, and although I tried my family doctor he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold and guaranteed to cure dyspepsia, biliousness and kidney disease by all druggists, at 50c a bottle.

Safe Blowers In Kentucky.

Paducah, March 14.—It was learned today that thieves blew the safe in the Bank of Benton, Ky., 24 miles from here and got away with $4,000 during the night. The robbers are supposed to have numbered four. They stole a handcar and came this way, the car being found 3 miles from the city. An unsuccessful effort to blow the same bank was made two years ago.

Hair and Wool.

The microscope shows at a glance the enormous difference between hair and wool. Hairs, like nails, are modifications of the epidermis or skin and are composed of horny cells which have flattened and coalesced and so practically make a comparatively smooth shaft which presents an even surface when magnified hundreds of diameters.

Wool is distinguished from hair by two very important properties. Each fiber of wool is covered with minute overlapping scales, all turned in one direction like the slates on a roof. These are not visible to the eye, but can be felt when the fiber is drawn between the fingers in a direction exactly opposite to the run of the scales.

Another property of wool is its great elasticity, derived from the fact of its fibers being so finely crimped or curled that they can be drawn to considerable lengths and return to the original state when the pressure is removed. It is this property which makes woolen fabrics so different from cotton or linen. A third important difference is its power of felting or becoming so matted that by rolling, beating and other processes cloth can be made from it without being woven.

SCIENTIFIC MARVEL OF THE AGE

Wireless Telegraphy and Radium Assist in the Working of Wonders. Last Chautauqua Meeting Largely Attended—Talk by Dr. Strouse.

The lecture of Prof. W. B. Patty at the Tabernacle, Tuesday afternoon, drew a large audience, and the illustrations in wireless telegraphy were very much enjoyed. The liquid air demonstrations were wonderful indeed and astonished the people more than they had anticipated. A handkerchief was frozen so it could be broken into small bits, also a piece of beefsteak was frozen in a similar manner. The whole program was of deep interest to all, and many marvelled at the wonders manifested. Some went so far as to say there was a trick about the submerging of a rose in liquid air and making it so brittle it could be crushed into atoms.

In the evening there was another large audience to witness the demonstrations with radium, wireless telegraphy and liquid air, and to say that it was grand gives but poor expression to this presentation of these wonder-working discoveries. The audience looked on with awe and wonder, and the only way you can get a comprehensive idea of the workings of the three is to see the experiments. The same lectures and experiments should be seen a second time, and there is no doubt but what they would draw a large audience.

Before the evening lecture was begun, Dr. Clarence B. Strouse made a short address in which he stated the facts regarding the Gainesville Chautauqua, and spoke of the work done by Dr. W. L. Davidson, manager, in his efforts to secure the best talent he could for the meeting now brought to an end. He said he would be in Gainesville a few days before his departure for his home, and requested the business men and all interested to see him before his departure, to settle the question as to whether these annual meetings would be kept up. He spoke of his kindly feeling for the people of Gainesville, thanked those who had manifested an interest in the work and hoped it would be continued. In closing he feelingly spoke of the interest which had been shown in the welfare of the people and bade the audience good-bye with the quotation: "God be with you till we meet again." He was heartily applauded at the close.

Prof. Patty, before opening his regular lecture, talked very complimentary of the Chautauqua and the city of Gainesville. He felt sure the people would stand by Dr. Strouse, who has labored faithfully for the Chantauqua. He lauded the city, the attractions and the attractive program. He said he thought that Dr. Strouse had manifested his interest from high motives to give the people a good Chautauqua meeting, and not from a monetary point, and felt sure they would continue the work and he would appear here next year with a better exhibition than he had on this occasion. He was interrupted several times with applause and his address was given in a manner that convinced many that he spoke from his heart.

A. E. Summers of High Springs, member of the firm of the Summers Furniture House, was among the visitors to this city Tuesday. He states that High Springs is on a little building boom just now. Summers is erecting a substantial brick store on the site of the building recently destroyed by fire, which will be occupied as a millinery store by Mrs. G. W. Easterlin, and E. K. WHY DOES A BABY CRY?

Because it is either hungry or in pain. Properly nourished it will usually grow up right and be comfortable—that's the principal thing for a baby. If its food lacks strength and nourishment add Scott's Emulsion at feeding time. A few drops will show surprising results. If a baby is plump it is reasonably safe. Scott's Emulsion makes babies plump.

Several Hurt in Wreck.

Tennille, Ga., March 14.—Train No. 3 on the Sandersville and Tennille railroad was wrecked 2 miles from here caused by a broken rail. The track has been cleared and a wrecker has been sent out from Savannah to put the overturned car on the track. No one was killed. W. J. Webster, of Milledgeville, suffered a broken collar bone; Miss Corinne Hendrix, of Milledgeville, had a sprained back and probably has injuries internally. Other passengers were bruised and shaken up.

GUARD HEALTH

Every woman should see that the periodical function is kept in a healthy condition. The way is to take an occasional dose of Wine of Cardui.

Every woman is subject to conditions which bring on female weakness. Wine of Cardui gives women strength for all the duties of life. It gives them strong nerves and freedom from pains.

Wine of Cardui not only cures but guards the health. The organs quickly respond to the healing vegetable ingredients of which Wine of Cardui is composed. A healthy woman does well to take this medicine on approaching her periodical sickness. Wine of Cardui cures the worst cases of prolonged female troubles and has cured thousands of them quickly and completely in the privacy of home.

CHICORA, MISS., May 1, 1902.

Wine of Cardui and Thedford's Black-Draught is a sure cure for all female diseases. I recommend your medicines to all my friends everywhere I go. Five months ago I could not walk across the house without great pain but I am well again. I have only taken four bottles of Wine of Cardui but feel better than I have felt in two years. MRS. N. T. GLIDEWELL.

NEWS OF CITY AND COUNTY CONDENSED

Alex Read, Jr., manager of the lumber interests of the Tyler Company, Montbrook, was registered at the Brown House yesterday.

Mr. and Mrs. A. L. Reeder and children have returned from their old home in Caneyville, Ky., and will make their home here indefinitely. They were here last winter, during which time they made many friends. They became so infatuated with Gainesville and its people that they decided to return and make their home here, and they will be gladly welcomed. They are pleasantly located at the Cone cottage, N. Arredondo street.

Among the prominent visitors to this city yesterday was Hon. Fred S. Cubberly, collector of customs of the ports of Cedar Key and Port Inglis, and also a successful lawyer of the Gulf town. Col. Cubberly states that the steamship line between New Orleans, Cedar Key and other points which was inaugurated about eight months ago, continues, and is enjoying a fine business, notwithstanding some opposition. The steamer from New Orleans is expected in Cedar Key today or tomorrow with a large general cargo. Phosphate shipments from Port Inglis are also heavy, the harbor being a scene of great activity.

ALL WELL PLEASED.

Pennsylvania Ladies Like Gainesville. May Prolong Visit.

Mrs. T. H. Rosboro and her charming daughter, Miss Nellie, who have been sojourning at the Brown House for the past week, have become very much impressed with the city and its people. These ladies are from Uniontown, Pa., where lots of good, clever people come from, and they are no exception. Possessed with most amiable and entertaining dispositions, they have made many friends here who will be delighted to know that they are so well pleased, and that they are seriously considering remaining here until May 1.

When the ladies arrived here they were accompanied by Mr. Rosboro, who is a prominent citizen and business man of Uniontown. On account of pressing business he was compelled to return to his Northern home, leaving his wife and daughter here.

There are annually quite a little colony of Uniontown people who visit Gainesville, and the influence of these is such that they bring new comers every season. Such friends as Commodore Beall, Dr. Herzog and others of the party are worth many times the value of booklets, since they wield a personal influence which it would be impossible to accomplish by printed matter, however alluring and attractive.

The Wages of Sin.

The Park Theatrical Company appeared for the second night of the week's engagement last night, presenting the four-act melo-drama, "The Wages of Sin." The play was well presented, the various characters being naturally impersonated.

This company has become very popular here, and are making themselves more popular at every performance. They are not only good actors, presenting clean, refined plays, but are clever ladies and gentlemen, and will always be welcome here.

This excellent company will give a matinee this afternoon at 3 o'clock, presenting "The Old Homestead." Tonight they will present "Niobe." The company is the best that has appeared here this season and deserves the patronage of the public.

A "Drummer Farmer."

J. F. Jackson of Bronson was at the Brown House yesterday. Mr. Jackson has held a lucrative position as traveling salesman for a large New York house for the past twenty-five years, but does not forget his country home near Bronson, which he dearly loves to visit, and which is one of the best in Levy county. He produces on this farm about everything necessary to good living, and stated Tuesday that he had about forty fine country-cured hams which he had made this year, to say nothing of the other products of the farm.

LETTUCE MOVEMENT BEGINS

Shipments Along G. & G. Have Begun. Will be Heavy Soon.

Truckers from points on the Gainesville and Gulf railway visiting this city state that the movement of spring lettuce has begun, and that the growers are receiving good prices. The movement is light so far, but the next two weeks promise as heavy shipments as have ever been known along this line.

"There is a large acreage of lettuce along the Gainesville and Gulf this season—in fact the largest I have ever seen," remarked one trucker Tuesday. "The plant is maturing beautifully, and the growers feel reasonably sure that in lettuce they will have a good thing this season."

As was stated a day or two recently, Superintendent Barker of the Gainesville and Gulf has made a survey of the situation, and has pronounced the prospects in all vegetable crops bright. The weather conditions have been favorable, and the growers will reap the benefit.

The Best Cough Syrup.

S. L. Apple, Ex-Probate Judge, Ottawa Co., Kansas, writes: "This is to say that I have used Ballard's Horehound Syrup for years, and that I do not hesitate to recommend it as the best cough syrup I have ever used." 25c, 50c, $1. Sold by W. M. Johnson.

Announced Himself.

While looking for stragglers just as a Welsh regiment was about to sail from Cape Town for England an officer found a private standing at attention in a shed. "What are you doing here?" he was asked. "Please, sir," was the reply, "I am a lunatic, and I am waiting for the corporal's guard." He was right; he was a lunatic, and his guard had forgotten him.

THE CIRCUIT COURT.

Case of Fletcher Watson Occupied Time of Court Tuesday.

The trial of Fletcher Watson, charged with the murder of Garrett V. Chamberlain, occupied the entire time of the circuit court Tuesday. About fifteen witnesses were examined by the State and defense.

Witnesses for the defense testified that Watson was far away from the scene of the killing at the hour the murder was alleged to have taken place.

The jury heard the evidence with the greatest interest. Eight witnesses are yet to be examined, when the case will be argued before the jury. It is believed that the case will not occupy a longer time than today, when it will be turned over to the jury for a decision.

The Colonel's Waterloo.

Col. John M. Fuller of Honey Grove, Texas, nearly met his Waterloo from liver and kidney trouble. In a recent letter he says: "I was nearly dead of these complaints, and although I tried my family doctor he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold and guaranteed to cure dyspepsia, biliousness and kidney disease by all druggists, at 50c a bottle.

Safe Blowers In Kentucky.

Paducah, March 14.—It was learned today that thieves blew the safe in the Bank of Benton, Ky., 24 miles from here and got away with $4,000 during the night. The robbers are supposed to have numbered four. They stole a handcar and came this way, the car being found 3 miles from the city. An unsuccessful effort to blow the same bank was made two years ago.

Hair and Wool.

The microscope shows at a glance the enormous difference between hair and wool. Hairs, like nails, are modifications of the epidermis or skin and are composed of horny cells which have flattened and coalesced and so practically make a comparatively smooth shaft which presents an even surface when magnified hundreds of diameters.

Wool is distinguished from hair by two very important properties. Each fiber of wool is covered with minute overlapping scales, all turned in one direction like the slates on a roof. These are not visible to the eye, but can be felt when the fiber is drawn between the fingers in a direction exactly opposite to the run of the scales.

Another property of wool is its great elasticity, derived from the fact of its fibers being so finely crimped or curled that they can be drawn to considerable lengths and return to the original state when the pressure is removed. It is this property which makes woolen fabrics so different from cotton or linen. A third important difference is its power of felting or becoming so matted that by rolling, beating and other processes cloth can be made from it without being woven.

STATE COMPETITION.

The experience of some of the States of the Union in dealing with those in charge of institutions controlled by the commonwealth has shown a desire to graft that is certainly alarming. In several instances where the men who are connected with such institutions have been caught they have simply stated that there are others as much implicated as they are and then have quietly waited the application of the kalsomine to make them spotless again.

State ownership of the oil refinery in Kansas is looked on with fear and trembling by many who see a chance for graft. Gov. Hock says it may have the semblance of Socialism, but it is not, and that "its soul is that of competition." While it is desirable to establish legitimate competition, there are grave doubts regarding the policy entered into by the State of Kansas.

The impression seems to prevail that the Emperor of Russia is controlled by a coterie of designing men, who are working to oppose every good intention the Czar may have. It has been shown that such is not the fact. The Emperor is a conceited nonentity, believing himself of divine origin, and being ignorant of the true meaning of the word, seeks to carry out his plans by oppression. His cabinet evidently being aware of the result, and regarding him as being a sufferer from enlargement of the cranium, which is overflowing with his own estimation of himself, are satisfied to let destruction come to him so long as they are safe. The Czar of all the Russias is working his own destruction and has not intellect sufficient to see it himself, but is too muleish to listen to advice.

FORESTRY EXPERIMENT.

The following, giving the plan of cutting out timber from Kentucky forests, may be of value to Florida owners of similar lands:

"An interesting example of the profitableness of conservative forest management in this country is furnished by Dr. S. B. Caldwell of Paducah, Ky., who has dealt in timber lands in the southwestern part of the State for fifty-eight years. 'In 1847,' says Dr. Caldwell, 'I sold timber from a tract of land at $1 an acre, the purchaser having the privilege of removing what he wanted and leaving what he did not want. He took the choice trees, but left a considerable amount standing. In 1870 I sold the timber from the same tract and got for it $2 a tree. The purchaser removed an average of 3 trees per acre. In 1884 I sold the timber from the same tract for the third time, and got for it as much as I had received at the second sale.'

"Dr. Caldwell's experience in the woods taught him long ago the wisdom of conservative forest management. Thirty years ago, when he came into possession of a tract of about 700 acres near Paducah, he sold a quantity of the timber for wagon stock. At that time forestry in this country was virtually unknown. Dr. Caldwell, however, was sufficiently foresighted to allow no trees to be cut except those which he selected. He went about in the woods and picked out trees whose tops and general appearance showed they had passed their period of greatest vigor, and trees which interfered with promising young growth. His forest has been culled a number of times in the past thirty years, but so wisely has the cutting been done that today the land will average from 10,000 to 15,000 board feet per acre. This was an experiment in forestry which has amply justified itself, and shows how a shrewd, far-sighted man may, even without technical advice, secure good returns from his wood land without impairing its productive value and while putting himself in position to profit by the steady rise which is taking place in timber values."

GOVERNOR'S APPOINTMENTS.

Governor Broward has recently made the following additional appointments of notaries and justices for different portions of the State:

Notaries—H. L. Knight, W. P. Gifford, J. W. Walker, R. W. Bennett, Jacksonville; L. R. Grimes, E. M. Hendry, Tampa; R. R. Jones, J. T. Stokes, LaCrosse; Joe Henderson, West Tampa; William J. Jarvis, Lovett; Meloin A. Lewis, Jennings; C. E. Spencer, Dade City; J. D. Goss, Pensacola.

Also, J. H. Butler of Romeo, to be justice of the peace for the Fifth district of Marion county.

T. J. Hill of Maitland, to be justice of the peace for the Third district of Orange county.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:

Commander-in-Chief Lee of the Confederate Veterans of New Orleans, has issued a proclamation thanking President Roosevelt and Congress for the return of captured Confederate flags and declaring there is no longer a South and North, but a reunited country. Such dignified, loyal utterances, coming from a gallant officer, reflects credit on the author and will go a long way towards cementing the warm feeling of friendship which now exists between the soldiers who wore the blue and the gray. The soldier has long ago buried all feeling of animosity, and it has been only a lot of rubber-headed stay-at-homes who have tried to keep up any feeling. Now that Congress has done the proper thing, let us all unite in singing "America," and resolve to come to Florida and live happy ever after.

WORMS

"I had for years suffered from what medical men called Dyspepsia and Catarrh of the Stomach. In August I purchased a box of Cascarets and was surprised to find that I "had 'em"—yes—a wiggling, squirming mass left me. Judge our doctor's surprise when I showed him thirty feet, and in another day the remainder (about the same length) of a tapeworm that had been sapping my vitality for years. I have enjoyed the best of health ever since. I trust this testimonial will appeal to other sufferers."

WHITE ROBED SPIRIT ARRESTED

Police Nab Woman for Getting Money Under False Pretenses.

Chicago, March 14.—After a struggle with a white-robed "Spirit" in a room in Sebor street, a city detective has arrested the spirit, despite desperate resistance. The spirit turned on the visitor from the other world was found to be Mrs. Jennie Nichols, and young and extremely muscular woman. She wil have a hearing today on charges of obtaining money on false pretenses. The detective's shirt was badly torn in the fight.

The raid on Mrs. Nichols' place was the first move in a general crusade against "fake" materializations, spirit painting and spirit photographing which had been undertaken by the police.

POLICEMAN GETS FORTUNE.

While on Strike Duty Is Informed He Has Inherited $300,000.

New York, March 14.—Jeremiah Barber, a policeman, has, is is reported, fallen heir to two fortunes aggregating nearly $300,000.

The first notice of his good fortune came from Oakland, Cal., where the policeman's uncle, James Elgar, died recently. Barber was on strike duty and had not been home in four days, when his wife hurried to the station with a letter announcing that her husband had been willed the bulk of his uncle's estate.

Barber went out on post and his wife went home. At midnight she came back in a cab with a cablegram announcing the legal disposition of the estate of another uncle at Rams Gate England, which, according to the cablegram, gives Barber about $1,800.

GEN. LEE THANKS CONGRESS.

Returning of Battle Flags Appreciated by Confederate Veterans.

New Orleans, March 14.—An official proclamation has been issued by General Steven D. Lee, commander-in-chief of the United Confederate Veterans, paying unstinted praises to congress for passing the battle flag return measures, to President Roosevelt for his prominent signature:

General Lee says:

"I would be derelict yet in my duty not to give expression to the satisfaction that fills the heart of every confederate veteran for the unanimity with which the national legislature passed the bill restoring the confederate flags to the several states and the readiness with which the measure was approved by the president. This action is fresh evidence that there are now in our grand country no sectional lines—no north, no south, no east nor west, but we are all Americans devoted to one common country. And I urge upon all parties north & south who have colors in their possession to return them at once to the state capitols."

This action is unprecedented in the history of southern confederate organizations.

HEAVY STORM IN CALIFORNIA.

Considerable Damage Has Been Done by Gale on Pacific Coast.

Las Angeles, Cal., March 14.—The heaviest storm of the year, and one of the most extensive, so far as learned, has prevailed throughout southern California. Since Saturday noon rain has been falling at intervals, the precipitation yesterday amounting 1.01 inches. The storm appears to have come out of the east and southeast, from which directions a gale blew all day.

On the coast considerable damage was done by the gale and high seas. Several launches were driven upon the shore at Long Beach, and minor damage to shipping occurred at San Pedro. At Santa Monica and Ocean Park the wharves were considerably damaged by the high seas.

Cured Consumption.

Mrs. B. W. Evans, Charwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago and since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal." 25c, 50c and $1. Sold by W. M. Johnson.

Professor To Visit Rockefeller.

Chicago, March 14.—Acting on the advice of John D. Rockefeller, President Harper, of the University of Chicago, will leave for Lakewood, N. J., tomorrow, accompanied by his family. When Dr. Harper arrives at Lakewood, Wednesday he will be met at the train by Mr. Rockefeller and will be escorted to the hotel at which arrangements have been made for Dr. Harper's accommodations and treatment.

MINISTER GOES ON TRIAL.

He Is Accused of Assault and Battery and Abandonment of Family.

New Brunswick, N. J., March 14.—The trial of J. F. Cordova, the unfrocked minister and formerly pastor of the Conklin Methodist Episcopal church of South River, who is charged by his wife with assault and battery and abandonment as a result of two sensational elopements with the daughter of the village blacksmith, was begun here today.

Miss Julia Bowne, the young woman with whom Cordova twice fled, has persistently declined to forsake him and was brought into court today as an extremely unwilling witness. She has been kept in jail as a witness, steadfastly refusing to accept bail for her release.

The first elopement of the pair occurred last May, but they returned to South River soon afterward. A few weeks ago they again eloped, going to Washington, where they were apprehended and brought here under arrest.

Miss Bowne still proclaims her fidelity to Cordova and he has repeatedly declared his willingness to accept punishment if Miss Bowne is unharmed.

Gives Health, Vigor and Tone.

Herbine is a boon for sufferers from anaemia. By its use the blood is quickly regenerated and the color becomes normal. The drooping strength is revived. The languor is diminished. Health, vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shirel, Middlesborough, Ill., writes: "I have been troubled with liver complaint and poor blood, and have found nothing to benefit me like Herbine. I hope never to be without it. I have wished that I had known of it in my husband's lifetime." 50 cents. Sold by W. M. Johnson.

SHOT BY BURGLARS.

Man and Wife Are Wounded by Negroes—Man Probably Fatal.

Memphis, Tenn., March 14.—J. S. Davis, an engineer, employed by the city, and his wife, were shot and seriously wounded by burglars at an early hour this morning.

Two negroes entered their bed room in their residence in North Memphis, awakening Davis as they were moving about the room. Davis leaped from the bed and grappled with one of the burglars.

His wife, aroused by the noise of the encounter, also sprang out of bed. At this juncture the other negro began firing.

Davis was shot in the abdomen and it is believed fatally wounded. Mrs. Davis was shot twice in the hip. Her condition is also said to be critical.

Both negroes hurriedly left the house after the shooting and escaped. Neighbors heard the firing and came to the assistance of Davis and his wife.

An armed posse of citizens of North Memphis is scouring that part of the city in an effort to apprehend the negro burglars who shot and seriously wounded James S. Davis and his wife.

If the burglar is caught a lynching may follow.

MOTHERHOOD

How To Gain The Happiness Of Children

Motherhood is woman's highest sphere in life. It is the fruition of her dearest hopes and most holy desires. Yet thousands of noble women, through the derangement of the female generative organs brought on by female weakness and disease, are unable to produce children!

Ninety-nine times out of every one hundred Lydia E. Pinkham's Vegetable Compound will so restore and strengthen the female organism as to make child bearing possible, easy, and safe.

Lydia E. Pinkham's Vegetable Compound

with its record of thousands of cures, is the remedy for women. Thousands of women are happy mothers of beautiful children to-day because in time of need they took Lydia E. Pinkham's Vegetable Compound. No matter what your female weakness or disease, it will afford you speedy relief and cure. Every woman who desires to become a mother should read these letters:

Dear Mrs. Pinkham:—I had been married seven years and had no children, owing to a female weakness and womb trouble, which caused me severe suffering each month. A lady advised me to try Lydia E. Pinkham's Vegetable Compound, and I did so, and now I have no more pains and am perfectly well, besides having a fine baby boy. MRS. ROSA F. KAREL, Ravenna, Neb.

Another happy and grateful mother writes to Mrs. Pinkham as follows:

Dear Mrs. Pinkham:—I was very anxious for a child, but could not carry one to maturity. My husband advised me to take Lydia E. Pinkham's Vegetable Compound. I did so, and soon began to feel better in every way. I continued its use and was enabled to carry my next child to maturity. I now have a nice baby girl, and I feel like a new woman. MRS. FRANK BEYER, 22 S. Second St., Meriden, Conn.

Actual sterility in woman is very rare. If any woman thinks she is sterile, let her write to Mrs. Pinkham at Lynn, Mass., whose advice is given free to all would-be and expectant mothers. Her letter will give you valuable information.

The Ruby.

Rubies are most suited for young lovers. They are also most expensive. The people of the Burmese empire believe that a ruby is a human soul just about to enter the sacred precincts of Buddha and consequently in the last stages of transmigration. A ruby is an emblem of the most passionate and absorbing love. A ruby in the old days of chivalry was supposed to lead a knight to conquest, to cause obstacles to melt away and to inspire one with bravery and zeal. It also kept his honor unstained and his character without a blemish.

The Three Horses Won.

A well known racing man recently lost £100 to a comparative stranger, who offered to bet him that he could produce three horses which could go ninety miles in three hours. The layer of the wager easily accomplished the feat by starting all three horses at once, by which artifice thirty miles only was the distance they had to traverse in the time specified.—London Standard.

Accommodating.

NEW REMEDY FOR TRUSTS.

Governor Stokes Says Minister Can Do More than Lawmakers.

Atlantic City, March 14.—Before the ministers of the New Jersey conference Governor Edward C. Stokes advanced the suggestion that prayer and preaching would be a better remedy for the evils of trusts and railroad combinations than the usual laws enacted by state and nation. This was brought out in an address to a newly ordained class of ministers.

"While I am a full believer in passing remedial legislation," he said, "it has been my experience that any sort of law will be circumvented by human ingenuity. What is needed is a higher sense of honesty and right, which will prevent the oppression of the poor by those in power, and inculcation of this principle is the business of the preachers of the country rather than the legislators."

Maniac at the Throttle.

Chicago, March 14.—Climbing stealthily aboard a switch engine on the Illinois Central railroad, near Ninety-first street, an insane man opened the throttle and ran the engine at full speed to Parkside, several miles away. Reversing the lever he leaped from the locomotive, which flew back over the route which had just been traversed, and crashed into another switch engine near the starting point. Both engines were thrown from the track and badly damaged. The engineer of the second locomotive, having warning of the approach of the runaway, leap in time an descaped.

Incredible Brutality.

It would have been incredible brutality if Charles F. Lemberger of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye." Good for burns and ulcers too. Only 25c at all drug stores.

Receiver for Alabama Railway.

Birmingham, Ala., March 14.—Henry B. Gray, of this city, has filed a petition in the Montgomery courts asking that a receiver be appointed for the South and North Alabama railroad, and that the Louisville and Nashville railroad be enjoined from voting its stock in the South and North Alabama railroad for any purpose whatever until the courts decide whether $27.50 a share is an adequate price for the stock.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

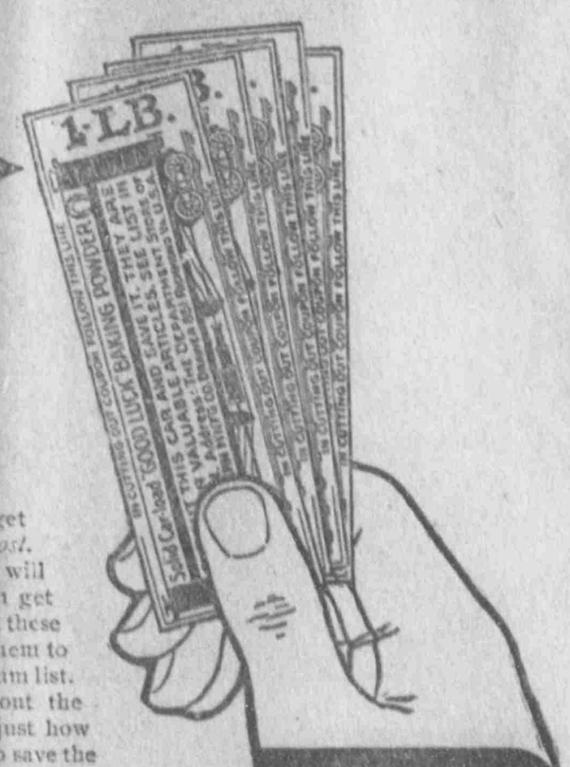
Every Coupon Counts

for a present with

GOOD LUCK

Baking Powder

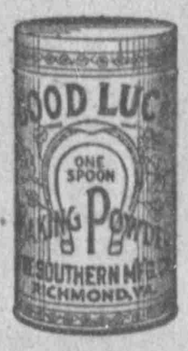


Buy Good Luck Baking Powder. In so doing you get the *most* of the *purest* baking powder at the *smallest cost*. Furthermore, if you will save the coupons that you will find plainly printed *on the label* of each can, you can get the beautiful premiums we are now offering. Cut out these coupons. They are valuable. It takes but a few of them to obtain some of the numerous useful gifts on the premium list.

A little book inside of every can explains all about the premiums. It shows a picture of each gift and tells just how many coupons are required to get them. Don't fail to save the coupons. Take a delight in your baking and secure some of the charming premiums.

GOOD LUCK

Baking Powder



was established in 1892. The sales have so increased to date, that to-day we are shipping Good Luck Baking Powder in carload lots to every section of the country. The cause of this enormous popularity is plain. In Good Luck, housekeepers get not only a positively pure baking powder of great leavening force, but at a price a little less than they have been accustomed to pay for some other kind that was not as satisfactory in results.

When buying Good Luck think of its *purity* and consider the *good results* obtained from its use. Remember every Good Luck coupon counts for a present. If your grocer doesn't keep Good Luck, send us his name and we will see that you are supplied.

Decision in a Peonage Case.

Washington, March 14.—In the peonage case against Samuel Clyatt, vs the United States, the supreme court of the United States today reversed the decision of the circuit court of appeals for the fifth circuit in favor of Clyatt, who was charged with "returning" to involuntary servitude two negroes named Cordon and Ridley. The opinion was handed down by Justice Brewer and while it upheld the constitutionality of the law for the punishment of peonage it held that as the record failed to show that the negroes had ever before been in custody the charge of "return" them could not be sustained.

READ THIS.

Lexington, Tenn., June 5, 1901.

This is to certify that about March last I suffered intensely with my back and kidneys. Just prior to this I had undergone treatment for bladder trouble and was relieved, except the treatment was followed by the above trouble. It was recommended that I try "Texas Wonder, Hall's Great Discovery." I took one dose on retiring at night, and to my agreeable astonishment, I found myself relieved. One dose did the work. There is no bosh about this. It is wonderful.

Respectfully,
C. R. Scott,
Proprietor Scott House, formerly county chief clerk, postmaster, etc.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

W. R. Rives and E. K. Boston of Alachua were visitors to the county capital yesterday.
